PROFILE SUMMARY

Full Stack Developer with professional experience building responsive web applications, corporate platforms and administrative dashboards using React.js, Node.js and Express.js. Skilled in creating reusable UI components, connecting REST APIs, delivering database-driven functionality and collaborating on production web projects. Strong focus on maintainable code, responsive interfaces and practical problem-solving.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, RESTful API Development
Databases: MySQL, SQL, MongoDB (Basic)
Libraries & Frameworks: React Router, React Hooks, jQuery, GSAP, Swiper.js, AOS.js
Development Concepts: CRUD Operations, API Integration, Responsive Web Design
Tools: Git, GitHub, Postman, VS Code, Vite, XAMPP

EXPERIENCE

Cryoflame Technologies LLP — Kochi, Kerala
Frontend Developer — March 2026 – October 2026

- Delivered and maintained responsive, multi-page websites using modern frontend technologies.
- Converted UI/UX designs and business requirements into functional, user-friendly web interfaces.
- Established reusable frontend components and consistent layouts across multiple website pages.
- Added interactive features, navigation, animations, and responsive layouts for desktop and mobile devices.
- Conducted cross-browser testing, debugging, and UI optimization to improve website functionality and user experience.

Swathanthra Innovation Pvt Ltd — Aluva, Kerala
MERN Stack Developer Intern — November 2025 – February 2026

- Designed responsive and mobile-friendly user interfaces using React.js, HTML, CSS, and JavaScript.
- Engineered backend functionality and REST APIs with Node.js and Express.js for frontend-backend communication.
- Handled database operations and CRUD functionality using MySQL.
- Controlled application state using React Hooks and component lifecycle methods.
- Applied Git and GitHub for version control and collaborative development.
- Diagnosed and resolved application bugs to improve functionality and user experience.

PROJECTS

Salzburg Cab – Cab Booking & Fleet Management Platform
Cryoflame Technologies LLP — myeuropetour.eu
Tech Stack: React.js, JavaScript, TypeScript, Vite, Tailwind CSS

- Engineered reusable React and TypeScript components for a cab booking and fleet management platform.
- Assembled customer-facing interfaces and administrative dashboard modules.
- Configured interactive interfaces for booking management, drivers, customers, and fleet operations.
- Set up client-side navigation and protected dashboard routes using React Router.
- Connected frontend components with existing REST API services.
- Added form handling, validation, search, and filtering functionalities.

VCMS – Educational Institution Website
Cryoflame Technologies LLP — vcmskerala.in
Tech Stack: React.js, JavaScript, HTML5, CSS3, React Router, Vite

- Assembled reusable React components for a multi-page educational institution website.
- Produced frontend interfaces for Home, About, Courses, Faculty, Events, Gallery, and Contact pages.
- Configured client-side navigation using React Router.
- Added interactive UI elements using React Hooks.
- Enabled dynamic content rendering for course and blog sections using JavaScript.
- Refined responsive layouts, CSS styling, and overall frontend user experience.

Salisa Group – Corporate Website & Admin Dashboard
Cryoflame Technologies LLP — salisagroup.com
Tech Stack: HTML5, CSS3, JavaScript, Tailwind CSS, LocalStorage

- Coordinated UI planning, visual design, and frontend delivery for a corporate website and admin dashboard.
- Established reusable UI components and consistent website layouts.

- Structured an admin dashboard with a shared sidebar, header, navigation, and reusable interface components.
- Built content management interfaces for services, blogs, team members, company information, and gallery sections.
- Added form validation, image previews, and browser-side data management using JavaScript.
- Applied LocalStorage for client-side data persistence in selected dashboard modules.

WeArch Developers – Corporate Website Development
Cryoflame Technologies LLP wearch-developers.com
Tech Stack: HTML5, CSS3, JavaScript, Bootstrap, jQuery, Swiper.js, GSAP

- Outlined UI layouts and produced frontend interfaces for a multi-page corporate website.
- Converted business requirements into user-friendly and visually consistent interfaces.
- Established reusable website components and consistent layouts across multiple pages.
- Configured responsive layouts for desktop, tablet, and mobile devices using Bootstrap and CSS.
- Added image sliders, animations, and interactive navigation using JavaScript libraries.
- Tested the frontend, resolved bugs, and improved cross-device compatibility.

Thames Trent Global – Study Abroad Consultancy Website
Cryoflame Technologies LLP thamestrentglobal.co.uk
Tech Stack: HTML5, CSS3, JavaScript, AOS.js

- Outlined UI layouts and produced frontend interfaces for a multi-page consultancy website.
- Created responsive pages for company information, services, international destinations, and university listings.
- Established consistent website layouts, navigation structures, and reusable visual elements.
- Added interactive navigation, enquiry form interfaces, and scroll-triggered animations using AOS.js.
- Curated visual assets, typography, and page styling to maintain a consistent website experience.

QP Solutions – Question Paper Generator
Swathanthra Innovation Pvt Ltd
Tech Stack: React.js, Node.js, Express.js, MySQL

- Created a web-based application for autonomous colleges to generate and manage question papers.
- Produced responsive React interfaces, connected REST APIs, and added role-based access modules.
- Handled MySQL database operations for dynamic question storage and retrieval.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026
Union Christian College, Aluva | Mahatma Gandhi University **CGPA: 8.28 / 10**

Bachelor of Computer Applications (BCA) 2021 – 2024
MES College, Marampally | Mahatma Gandhi University **CGPA: 7.04 / 10**

CERTIFICATIONS

NPTEL Certification – Introduction to Database Systems 2025

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Time Management | Adaptability
